Dear Madam,

In reply to your letter of the 4th. June, it is noted that you are erecting a private memorial over the grave in which the late Gunner H. Bickmore is buried on which his name will be inscribed.

In these circumstances, the Commission will offer no objection to the removal of the headstone which they erected some time ago.

They would be grateful if you would kindly arrange for the headstone to be broken up by the masons you may engage so that it should not be put to any further use.

This permission is given on the understanding that no cost in respect of the removal or destruction of the stone will fall upon the Commission.

Yours faithfully,

44
Secretary.

Mrs. Bickmore,
